A human being is a fragile creature. All it takes is a nasty bump or a wrong meal to finish us off. Still, as we have previously pointed out, under the right circumstances people can be borderline invincible. There are a few men and women who have been able to survive things that could -- and by all rights should -- kill a horde of elephants.

The word "psychopath" usually evokes images of movie villains like the Joker, John Doe, and Anton Chigurh. Of course, Hollywood isn't always accurate in its portrayal of psychos, but there's one fact it always gets right "psychopaths are scary. They lack empathy, which means they don't feel guilt, and they're extremely impulsive."
