Journal of Agricultural and Food Chemistry (ACS Publications)

A food desert is an area, especially one with low-income residents, that has limited access to affordable and nutritious food. In contrast, an area with supermarkets or vegetable shops is termed a food oasis. The term food desert considers the type and quality of food available to the population, in addition to the number,

nature, and size of food stores that are accessible.

What happens when we start to starve? The more food you have, the better off you will be in a collapse scenario where we have no hope of the lights coming back on. Gardens and livestock greatly add to this cumulative total you have, but unless you have a very productive garden or a large supply of animals, the food you have on hand is likely to start running out.
