Darkness Visible: A Memoir of Madness is a memoir by American writer William Styron about his descent into depression and the triumph of recovery. It is among the last books published by Styron and is widely considered one of his best and most influential works.

Darkness Visible (memoir) - Wikipedia

Darkness, the polar opposite to brightness, is understood as a lack of illumination or an absence of visible light.. Human vision is unable to distinguish color in conditions of either high brightness or darkness. In conditions with insufficient light levels, color perception ranges from achromatic to ultimately black.. The emotional response to darkness has generated metaphorical usages of ...
