Death Bed Scenes And Pastoral Conversations Volume 2

Abstract: This paper considers five elements found in the nineteenth-century depiction of death scenes. Dying characters have the benefit of being in a comforting place before they die, and they have contact with a caring human being. Removal of pain of the individual dying is a significant concern; material goods, in contrast, are insignificant to the dying.

Death Scenes in Literature from the Nineteenth Century to

There's nothing gruesome about them, they're not murder scenes or anything; the people look like they're sleeping, but I thought I'd ask before scanning them. A hundred years ago, it was common to take pictures of deceased persons on their death bed.

Death bed photos | 100 years old | Flickr

While a bed in a scene of dying may seem a natural or even an obligatory piece of furniture, its appearance may be inflected by contingencies of value and morality surrounding the â€œgood death,â€• and even by the abstractions inherent in the term.

An Honest Bed: The Scene of Life and Death in Late

Conflict between doubt and faith looms large in "The last Night that She lived" (1100), perhaps Emily Dickinson's most powerful death scene. The poem is written in second-person plural to emphasize the physical presence and the shared emotions of the witnesses at a death-bed.
