The –death bed– scene, in which a dying person is ceremoniously surrounded by loved ones, dates from the Black Death period in the 1400s. There was also a trend toward depicting sculptural figures on tombs as actual corpses , often bearing signs of the plague or even fully skeletal, instead of idealized portraits of the deceased.

What makes for a great literary death scene? This is the question I and the other four judges of the 2012 Wellcome Trust book prize for medicine in literature have been pondering in advance of an ...

The greatest death scenes in literature | Books | The Guardian

Abstract: This paper considers five elements found in the nineteenth-century depiction of death scenes. Dying characters have the benefit of being in a comforting place before they die, and they have contact with a caring human being. Removal of pain of the individual dying is a significant concern; material goods, in contrast, are insignificant to the dying.
