Discussions of Heidegger's philosophy of art usually confine themselves to this work, taking it to be the full and final statement of that philosophy. This, as already intimated, is for several reasons a highly unfortunate assumption. First, because the only hope of producing an

### **Heidegger's Philosophy of Art - The Library of Congress**

The definition of art has been debated for centuries among philosophers. "What is art?" is the most basic question in the philosophy of aesthetics, which really means, "how do we determine what is defined as art?" This implies two subtexts: the essential nature of art, and its social importance (or lack of it).
