demonology past and present pdf

Demonology is the study of demons or beliefs about demons, especially the methods used to summon and control them. The original sense of "demon", from the time of Homer onward, was a benevolent being, but in English the name now holds connotations of malevolence. (To keep the distinction, when referring to the word in its original Greek meaning, English may use the spelling "Daemon" or "Daimon".)

The demons' names (given below) are taken from the Ars Goetia, which differs in terms of number and ranking from the Pseudomonarchia Daemonum of Johann Weyer. As a result of multiple translations, there are multiple spellings for some of the names, explained in more detail in the articles concerning them.
