Abstract. The study examines how firm size, market structure, profitability and growth influence innovative activity in small to medium sized Australian manufacturing businesses, using the recently released Confidentialised Unit Record File drawn from the Business Longitudinal Survey of the Australian Bureau of Statistics.

### **Determinants of Innovation | SpringerLink**

Small- and medium-sized enterprises play a substantial role in Australian growth and job creation. We discuss approaches to understanding the drivers of innovation and review evidence on the determinants of innovation by Australian small- and medium-sized enterprises. We also examine the role of these firms in job creation.
