British-Soviet Relations since the 1970s (coedited, 1990), Perestroika: Soviet Domestic and Foreign Policies (coedited, 1990), and The End of the Outer Empire: Soviet-East European Relations in Transition (edited, 1992). Thomas F. Remington is Professor of Political Science at Emory University, Atlanta.

Developments in Russian and Post-Soviet Politics

ures of Soviet institutions (perhaps the incentives to adopt new technologies is an example), while others (like the diversion of research and development personnel to the military) are incidental. Although the usual judgment on the Soviet economy is negative, these divergent views show that the question is still a live one.

Soviet Development in World-Historical Perspective

country's economic development, and Russia's transitions have been rocky.¹ Even today, Russia suffers from a Soviet legacy of a poorly managed urban transition, and experiences continuing difficulties finding efficient and fair means of negotiating urban expansion.

Russian urbanization in the Soviet and post-Soviet eras
