The stratospheric ozone layer is Earth's "sunscreen" protecting living things from too much ultraviolet radiation. The emission of ozone-depleting substances has been damaging the ozone layer.

Ozone Layer Protection | US EPA

1. Background on hydrothermal liquefaction. Hydrothermal liquefaction of biomass is the thermochemical conversion of biomass into liquid fuels by processing in a hot, pressurized water environment for sufficient time to break down the solid biopolymeric structure to mainly liquid components.

Hydrothermal liquefaction of biomass: Developments from

The commercial drinking water is another sector which has the best potential for the next 10-15 years. The commercial entities such as hotels, restaurants, entertainment parks, spas etc. demand flexible and high-quality water treatment systems.

Water Dispenser Market Worldwide

Environmental Science: Water Research & Technology seeks to showcase high quality research about fundamental science, innovative technologies, and management practices that promote sustainable water. The journal aims to provide a comprehensive and relevant forum that unites the diverse communities ...

Environmental Science: Water Research & Technology

The most abundant use of microfiltration membranes are in the water, beverage and bio-processing industries (see below). The exit process stream after treatment using a micro-filter has a recovery rate which generally ranges to about 90-98 %.

Microfiltration - Wikipedia

This book is one of a series of texts developed to support the development of microbial aspects in the third edition of WHO's Guidelines for Drinking-water Quality and to provide guidance to policy-makers, regulators and practitioners in aspects of planning and implementation.

Assessing Microbial Safety of Drinking Water - WHO

The Scientific Revolution was a series of events that marked the emergence of modern science during the early modern period, when developments in mathematics, physics, astronomy, biology (including human anatomy) and chemistry transformed the views of society about nature. The Scientific Revolution took place

in Europe towards the end of the Renaissance period and continued through the late ...
