Empowerment Zone -- helping individuals and communities

Adult development encompasses the changes that occur in biological and psychological domains of human life from the end of adolescence until the end of one's life. These changes may be gradual or rapid, and can reflect positive, negative, or no change from previous levels of functioning. Changes occur at the cellular level and are partially explained by biological theories of adult development ...

You can also put in some water, and grow your own basil - or just about anything that takes to growing in water fairly well. The concept itself is fairly simple, instead of growing potatoes in a field you plant seed potatoes in a wooden box and slowly build the box higher, adding more dirt as the potato plant grows.
