All About Pearls A â€“ AAA Grading system Essence pearls are exceptional pearls, selected for highly metallic lustre, clean surface and shape, in that order. Usually only found by selecting in person. Probably under 1% of pearls will show the mirror metallic lustre we look for. AAA: The highest-quality pearl, virtually flawless.

All About Pearls - Pearlescence

Search the bridge itself as well as the ground beneath it. And remember; when thieves are on the run, they donâ€™t spend a lot of time hiding their stolen goods. So look in the obvious places like between the joists of the bridge, or the steel girders. If it will take time to climb up to, or itâ€™s too dangerous, then youâ€™re wasting your time.

Digging is the process of using some implement such as claws, hands, or tools, to remove material from a solid surface, usually soil or sand on the surface of the Earth. Digging is actually the combination of two processes, the first being the breaking or cutting of the surface, and the second being the removal and relocation of the material found there.
