

discourse analysis introducing linguistics pdf

Contrastive analysis is the systematic study of a pair of languages with a view to identifying their structural differences and similarities. Historically it has been used to establish language genealogies

Contrastive analysis - Wikipedia

In linguistics, morphology (/ m ɔːr f ɒ l ɒ j /) is the study of words, how they are formed, and their relationship to other words in the same language. It analyzes the structure of words and parts of words, such as stems, root words, prefixes, and suffixes. Morphology also looks at parts of speech, intonation and stress, and the ways context can change a word's pronunciation and ...
