The Golden Age of Comic Books describes an era of American comic books from the late 1930s to circa 1950. During this time, modern comic books were first published and rapidly increased in popularity. The superhero archetype was created and many well-known characters were introduced, including Superman, Batman, Captain Marvel (later known as SHAZAM!), Captain America, and Wonder Woman

This list is split into two categories: CANON. The new primary Star Wars canon includes all the movie episodes, the television shows Star Wars: The Clone Wars and Star Wars Rebels, books, comics, and video games published after April 2014, and comics published in 2015. These stories are coordinated by the Lucasfilm Story Team to be consistent with both each other and the upcoming films.
