Plans for a wide variety of solar space heating projects you can build. Solar space heating can be 25 or more times more cost effective than solar electric (PV) systems, and the systems are excellent DIY projects.

Solar space heating -- active and passive solar projects

If you look around in the literature and also in the internet, then the amateur self-made instruments (ATM) in the last 50 years has hardly developed. There are indeed bigger telescopes built today than 50 years ago, other materials are used, other motor-types and it has been added some electronic whistles, but basically come still the same old and supposedly proven designs back.

ATM and other DIY projects - HARPOINT OBSERVATORY

A pergola is a garden structure with a trelliswork roof that creates a shaded passageway, outdoor sitting space, or walkway. They are built from vertical posts and frequently includes an open lattice for trained vine plants.
