The aim of this book is to illustrate what we already know. People behave in predictable ways that don't always reflect the ideal behaviour that social scientists like to theorize about.

Behavioural Economics for Kids - Marketing Thought

In economics, elasticity is the measurement of how an economic variable responds to a change in another. It gives answers to questions such as: "If I lower the price of a product, how much more will sell?" "If I raise the price of one good, how will that affect sales of this other good?"

Home Economics usually brings to mind sewing aprons and cake baking. However, home economics classes taught much more. These classes acted as a bridge during the 20 th Century for women to enter into institutions of higher education and later into professions. When first introduced in the late 1800s, these classes helped girls prepare for life on the farm helping their families.
