BASIC INTEGRAL REPRESENTATIONS AND ABSOLUTE VALUE State

In certain situations where there is less than a yard to gain for a first down, it may be necessary to spot the ball back one yard to conform with the principle that there must always be, for statistical purposes, at least one yard remaining to be gained for a first ... Guide for Statisticians . for , and ,, . . . :

Guide for Statisticians - NFL GSIS

A first down situation is also known as a "first and 10" because the offense has 10 yards to go to gain a first down. If your offense ran a play on first down and you advanced the ball 3 yards, your status would be "second and 7"; you're ready to play the second down, and you now have 7 yards to go to gain a first down.

Understanding American Football's Downs, Yardage, and

To find up/down compensation, take the Bullet Drop data (which is stated in hundreds of yards) and multiple it by the factors in the accompanying chart, based upon the steepness of angle to your target.
