The CTV Building was designed and constructed in about 1986. Christchurch City Council gave building consent in September 1986. Building codes for earthquake design changed frequently in New Zealand following the 1931 Hawke's Bay earthquake (in 1935, 1965, 1976, 1984 and 1992). A significant change in design philosophy was the change from non-ductile design of a reinforced concrete structure ...

Systems engineering is an interdisciplinary field of engineering and engineering management that focuses on how to design and manage complex systems over their life cycles. At its core, systems engineering utilizes systems thinking principles to organize this body of knowledge. Issues such as requirements engineering, reliability, logistics, coordination of different teams, testing and ...
