The Georgia Department of Public Health, Office of EMS and Trauma (Department) has decided to finalize Chapter 511-9-2-.07, entitled "Licensure of Ground Ambulance Services" as proposed on March 9, 2018.

### **Emergency Medical Services | Georgia Department of Public**

Emergency Medical Services (EMS) is a critical component of our nation's emergency and trauma care system, providing response and medical transport to millions of sick and injured Americans each year. At its best, EMS is a crucial link to survival in the chain of care, but within the last several years, complex problems facing the emergency care system have emerged.

### **Emergency Medical Services: At the Crossroads | The**

Medical control. EMS providers work under the authority and indirect supervision of a medical director, or board-certified physician who oversees the policies and protocols of a particular EMS system or organization. Both the medical director and the actions he or she undertakes are often referred to as "Medical Control".

### **Emergency medical services in the United States - Wikipedia**

Emergency medical services in the United Kingdom provide emergency care to people with acute illness or injury and are predominantly provided free at the point of use by the four National Health Services of England, Scotland, Wales, and Northern Ireland. Emergency care including ambulance and emergency department treatment is free to everyone, regardless of immigration or visitor status.
