Emergency nursing is a specialty within the field of professional nursing focusing on the care of patients with medical emergencies, that is, those who require prompt medical attention to avoid long-term disability or death. Emergency nurses are most frequently employed in hospital emergency departments (EDs), although they may also work in urgent care centers, sports arenas, and on medical ...

## **Emergency nursing - Wikipedia**

Nursing assessment is the gathering of information about a patient's physiological, psychological, sociological, and spiritual status by a licensed Registered Nurse. Nursing assessment is the first step in the nursing process. A section of the nursing assessment may be delegated to certified nurses aides. Vitals and EKG's may be delegated to certified nurses aides or nursing techs.
